

Newcastle Vikings Handball Club

First Aid, season 2024-2025

In our club we have coaches and players who are first aid trained, this includes one female doctor, one male doctor and one nurse. All of our junior coaches hold Emergency First Aid in Sport Qualifications. All of the teams in the club have first aid kit in their ball bag which are checked regularly and filled up by our head coach Marlen Slinning Goulty or team's captains. During matches we always have a first aid kit standing by the officials table and at least one of our first aiders is on site.

1st July 2024
